

Compostable bags, pouches, and labels are made from 100% biodegradable and compostable materials. They are safe for the environment and your health. They are also easy to use and dispose of. They are the perfect solution for your packaging needs.

Our BSY packaging is made of PBAT, a biodegradable material and PLA modified with plant starch (such as corn, sugar cane, cassava, etc.). It is non-toxic and has no odor. It is harmless to the human body and safer to use.

**COMPOSTABLE
IN INDUSTRIAL FACILITIES**

Check locally, as these do not exist in many communities. **Not suitable for backyard composting.**
